BMP EETD #5

TITLE: SPENT PROCESS TANK DISPOSAL

Regulatory Citation: 6 NYCRR Part 360, Part 750-758
RCSD No. 1 Article VI Section 12

Applicability: Process bath disposal.

Purpose: Ensure the proper disposal of spent process baths.

**Person or
Department Responsible:** EETD Laboratory Assistant

Schedule: Once or twice per year; in May and December

Procedure: Once the EETD Laboratory Assistant determines that a process bath's contents are spent, the Assistant will inventory the spent baths and submit a list of the spent baths, the quantity of each bath and the bath's MSDS to the Coordinator of Environmental, Health and Safety. The Coordinator make arrangements to properly dispose/recycle the spent process baths and notify the Laboratory Technician of the arrangements.

Record keeping: Waste Manifests

Record Location: Original Physical Office. Copy EETD Department

Current vendor: Precision Environmental

Contact: Coordinator of Environmental, Health and Safety (629-7163)
EETD Laboratory Assistant (629-7102)
